Introductory note

This introductory note does not form a part of the notice.

The following notice gives notice of the variation of environmental permits A and B referred to in the status logs below and the replacement of those permits with a consolidated environmental permit.

This is a consolidation of two permits – a Materials Recycling facility and a Hazardous Waste Transfer Station. The consolidated permit has been issued with updated conditions, limits of activities and the appropriate waste codes.

The schedules specify the changes made to the permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.
